A Deep Mystery.

Is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells, when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherley, of Peterson, La., and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, Improves Appetite, gives perfect health. Only 50c at T. E. Paul's drug store.

CONGRESS.

By a vote of 34 to 15 the Senate concurred in the House provision, which prevents the sale of beer at any army post or on any transport.

Representative-elect Kehoe, of the Ninth District, will receive the unanimous recommendation of the Kentucky delegation for the place on the River and Harbor Committee to be vacated by Representative Berry.

Representative Overstreet has introduced a bill to nullify on a party with regard to providing for the election of silver for gold upon demand.

The entire reserve fund may be so expended, according to the bill.

By a vote of 16 to 10 the House accepted the reappointment plan proposed by the Burleigh bill, which increases the membership of the House during the next decade from 357, the present membership, and the membership proposed by the committee on Hoggins's bill, to 386.

The result was largely brought about by the influence of certain Senators from several of the larger Northern States, who threw the weight of their influence in the scale in favor of the larger membership.

Under the bill as passed no State loses a Representative and the following make gains: Illinois, New York and Texas, three each; Minnesota, New Jersey and Pennsylvania, two each; and Arkansas, California, Colorado, Connecticut, Florida, Louisiana, Massachusetts, Mississippi, Missouri, North Carolina, North Dakota, Washington, West Virginia, and Wisconsin one each. The bill provides that whenever a new State is admitted the change in the number of Representatives assigned to it shall be in addition to the number provided in the bill. It also adds a provision to be incorporated in a reappointment bill, to the effect that Congressional districts, in addition to being "contiguous," shall also be "compact."

Noted Liar Wants Name Changed.

In the order to live down his reputation as the biggest liar in Kansas Jacob Moon, of Garden City, has made application in the Probate Court in that county to have his name changed to Rara Avis Baird. Moon is a farmer by occupation, and has lived in his neighborhood for nearly twenty years.

Residents of Western Kansas profess to believe that Moon has never told the truth in that time, even in common matters. It is said to be literally true of him that he has never told the truth in that time, even in common matters. It is said to be literally true of him that he has never told the truth in that time, even in common matters.

When you are calling on a girl and know her, she always pretends that it was pride that made her not make any acquaintance.

Whenever you see a girl at a party that none of the men are talking to, you can generally bet she knows how to baffle good boys.

If some one minister should come along preaching the new doctrine that there are no moths in heaven, the women would all have the churches and him.

Before a woman gets through trying to find out how much her last Christmas presents cost, she has begun saving up to buy them for the next year.

A Prominent Chicago Woman Speaks.

Prof. Rosa Tyler, of Chicago, Vice-President Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I suffered with severe cold this winter which threatened to run into pneumonia. I tried different remedies but I seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and I recovered at once. I am now entirely recovered, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by M. Craves.

He was a devoted citizen, a man of high character, and a man of high character.

One day in the spring of 1884 Mrs. Frederick White, of Coventry, N. Y., asked her husband to bring her a sack of flour from a nearby store. He started to do so and that was the last she saw of him until one day last week when he walked in the house with a sack of flour on his shoulder, saying as he sat it down that he had not forgotten the errand. He was a man of high character, and a man of high character.

The second step in the election of a President was taken Monday of last week when the electors of the various States, 447 in number, met at their several State capitals and voted as the voters directed November 6. Two weeks later, March 4, comes the inauguration.

The Great Gospel Revival.

The Nineteenth Century has been justly characterized as the century of science, and an important body of men has resolved that the Twentieth shall be a century of religious faith beyond all parallel. It has been the custom, for many years, for all Christian denominations to devote the first week of every new year to special prayer; but this time it is expected that "the week of prayer" will be mainly a preparation for a long and vigorous Christian campaign. "The Twentieth Century National Gospel Campaign Committee," with headquarters in New York, has been organized as a branch of an international association. A call has been issued to ministers and Christian leaders in the church to make a special prayer the introduction to a Twentieth Century Gospel campaign that shall continue "till the coming of the Lord." A similar call has been sent out from London to the ministers of Great Britain.

The address to Christians in this country has been signed by many prominent clergymen of New York, Brooklyn, Philadelphia and other Eastern cities. Assurance of hearty sympathy and co-operation have been received from virtually all of the great religious bodies of the United States. The campaign will be strictly international. The general or central committee, it is expected, will suggest the line of work to be followed, but each denomination will pursue its own methods, calling on the committee for whatever aid be required.

So far the movement has been quiet and almost secret. It was not until pledges of co-operation had been received from religious leaders, whose aid is deemed essential to success, that any public statement was made. So well advanced are the preliminaries, however, that the members of the international committee declare their belief that the movement will effect the Christianization of the world.—Elizabethan News.

Rev. Peyton H. Hoge, pastor of the Warren Memorial Presbyterian Church, Louisville, began a sermon before the united congregations of the numerous churches. He read Judge Parker's recent instructions to the grand jury and asked who was to blame for the lawlessness, wickedness and vice going on in all parts of the city. The sermon caused quite a sensation, not only among church people, but among gamblers and saloon men.

Some days ago two men visited the home of Joe Godfrey, a well-to-do negro, who lives near Beattyville, representing that they wished to sell corn. Godfrey was absent, but his wife agreed to take the corn, and was led to divide the fact that Godfrey had \$400 in the house. She charges that the men drew revolvers, and, setting the box containing the money, repaired to a field, broke it open and rode off with the money. Jailor Hammond secured a description of the men and arrested them near the Estill line.

A new religious organization, national in scope, and composed of former officers of the Salvation Army, is contemplated in this country, to have headquarters in New York City. There are, it is said, 7,000 persons in this country who have left the Salvation Army and most of them desire to continue work along the line of the army. The issue of the new organization is to be the Christian Cordons.

Last year nine foot-ball players died from injuries received in the game, while statistics show that only 41 prize-fighters have died from the results of their fights in the ring within the past 142 years.

A Woman's Weariness. Woman's sensitiveness makes them subject to more intense weariness than men. GLORIOUS COUNTRY.

How you watched its marvelous growth? If not, The Weekly Wexley wants to study the evidence. The first census of the United States was taken in 1790. Since then every succeeding ten years. The result has been as follows:

Year.	Population.	Year.	Population.
1790.....	3,929,821	1850.....	23,191,876
1800.....	5,308,046	1860.....	31,443,327
1810.....	7,260,138	1870.....	38,558,371
1820.....	12,866,020	1880.....	50,155,783
1830.....	17,963,353	1890.....	62,922,320
1840.....	24,191,876		

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year.

The Weekly Wexley is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States, as follows:

To the first correct answer received, \$2,000.00
To the second..... 1,500.00
To the third..... 1,000.00
To the fourth..... 750.00
To the fifth..... 500.00
To the sixth..... 250.00
To the seventh..... 100.00
To the eighth..... 50.00
To the ninth..... 25.00

To the thirteenth..... 1.25
To the fourteenth..... .625

2500 cases amounting to \$25,000.00.

In case of a tie, money equally divided.

Every guest on the above proposition may be accompanied by a friend. You can guess as often as you wish to include subscription price to the Weekly Wexley. The contest will close a month after the result of the census is published. For full particulars of the contest, send a postcard to the publisher, The Weekly Wexley, Louisville, Ky.

Young Women

The entry into womanhood is a critical time for a girl. Little mistakes are made at that time and grow into fatal complications. That female troubles are filling graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della H. Strayer, Tully, Kans. "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything. I feel so much better. I have taken four bottles of Wine of Cardui, with Thedford's Blood-Regulator, when needed, and today I am entirely cured. I can express the thanks I feel for what you have done for me."

For advice in case of serious special diseases, write to the publisher, The Wine of Cardui, 1000 Broadway, New York City.

The City Council of Chicago has adopted an ordinance closing all theaters and other places of amusement in Chicago until the buildings are inspected and pronounced safe. This action will interfere with the engagements of Mansfield, Berthaud, and other notable stars. The step is taken in consequence of the panic in Turner Hall last Saturday, when five persons were killed and nearly forty injured.

Almost Blind.

Mr. D. Keating, Bannock, Ky., says: My little four year old girl's eyes were so weak from birth that she could not stand any light at all. Was treated by several physicians without benefit. My neighbors persuaded me to buy Morley's Sarsaparilla and Iron from Mr. O. Danberry, Bannock, Ky. Three bottles not only restored her sight, but made her stronger and healthier than she ever was in her life. Sold by agent in every town.
